

VIRUS/BACTERIUM PROFILE

SYNTHESIS PROJECT: STAGE 1-2

DUE DATE: WEEK 5 FEB 27-MARCH 3

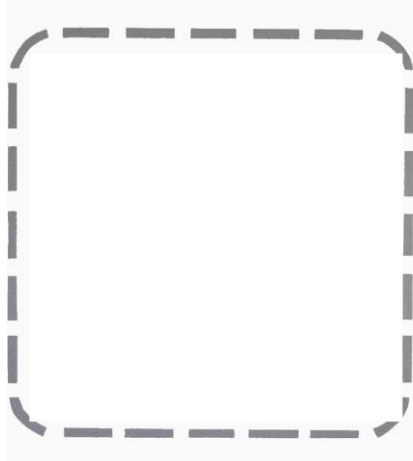

NAME:

SCORE:

International Scientific Instrument Technology Workshop
Instrument Technology Research Center
National Applied Research Laboratories

VIRUS/BACTERIA PROFILE

1. Name of the virus (Bacterium):

2. Size of the virus (Bacterium/Word form):

3. Symptoms of the disease it causes:

Horizontal lines for writing symptoms

4. What part of the body (System, organ) does your virus/bacterium attack?

Horizontal lines for writing body part

5. How does your Virus/Bacterium attack cells (How does it reproduce in you body)

Horizontal lines for writing reproduction details

VIRUS/BACTERIUM PROFILE

SYNTHESIS  
PROJECT:  
STAGE 1-2

DUE DATE: WEEK 5 FEB 27-MARCH 3

NAME:

SCORE:

---

---

---

---

**BACKGROUND**

**6. When and how was your Virus or Bacterium discovered? Write curious facts about the virus and the diseases it causes (historical facts/what was happening in the world)**

---

---

---

---

---

---

---

---

---

---

---

---

**7. TREATMENTS: (Medicines or treatments against the disease virus/bacterium causes/Dosage of the medicine and frequency)**

---

---

---

---

---

---

---

---

---

---

---

---
